

INTO THE WOODS ORNAMENT

LITTLE B PRODUCTS

Mini Sticker Embellishments - Winter Cardinals (100214)
Twine - Naturals (100360)

OTHER SUPPLIES

3 inch wooden disk
Fine Tip Black Marker

OUR FIRST CHRISTMAS

- Rotate the 3-4 inch wooden disk. Decide which side should be the front and top. Drill a hole in the top of the wooden disk.
- Position the Cardinal Mini Sticker Embellishments onto the bottom of the wooden disk.
- Tip: Cut the clear release paper around the mini sticker embellishments - do not remove the stickers. Now you can easily move the release paper around and see the perfect placement for the stickers before you attach them to the surface.
- Write wording on the disk using a fine tip black marker. Have fun and be creative - add doodle lines and serifs to the letters.
- Cut a 6 inch piece of Twine. Fold in half. Insert loop through the hole from the front. Feed the cut ends through the loop. Pull tight.
- Create a hanging loop by gathering both of the cut ends and tying a knot close to the ends.
- Add Cardinal Mini Sticker Embellishments to the wooden disk.
- Remember to personalize and date the back of the ornament.
- Create a variety of ornaments using clever titles that coordinate with additional Little B™ Mini Sticker Embellishments.
