

# HAPPY BIRTHDAY CARD, CANDY and PINWHEEL

## LITTLE B PRODUCTS

Specialty Foil Tape – Pink Foil Colorful Stars 25mm (100404)  
 Specialty Foil Tape – Pink Foil Multi Color Stripes 3mm (100358)  
 Specialty Foil Tape – Pink Foil Polka Dots 3mm (100399)  
 Designer Cutting Dies – Cards (100385)  
 Diamond Square Punch (100372)

## OTHER SUPPLIES

White Cardstock - Envelopes - Wax Paper  
 Clear Straws - Push Pin - Small Brads  
 Foam Adhesive - Scissors - Pencil  
 Metal Ruler - Straight Blade Knife - Grid Cutting Mat  
 Hershey® Nugget Chocolates

## HAPPY BIRTHDAY CARD

- Cut a piece of white cardstock to 8.5 x 5.5 inches. Score at 4.5 inches and fold in half.
- Cut a 5-inch piece of Pink Foil Multi Color Stripes tape. Place it vertically down the center of the card front.
- Cut a 5-inch piece of Pink Foil Polka Dots tape. Place it vertically ½ inch to the right of the Pink Foil Multi Color Stripes tape.
- Continue alternating the 2 tapes vertically ½ inch apart and fill in the right side from the center.
- Alternate the tapes vertically ½ inch apart and fill in the left side from the center.
- Cut a 6-inch piece of Pink Foil Multi Color Stripes tape. Place it horizontally across the center of card front.
- Cut a 6-inch piece of Pink Foil Polka Dots tape. Place it horizontally ½ inch below the Pink Foil Multi Color Stripes tape.
- Continue alternating the 2 tapes horizontally ½ inch apart and fill in below the center tape.
- Alternate the 2 Tapes horizontally ½ inch apart and fill in above from the center tape.
- Cut off excess tape around card front.

Clear Straws - Push Pin - Small Brads  
Foam Adhesive - Scissors - Pencil  
Metal Ruler - Straight Blade Knife - Grid Cutting Mat  
Hershey® Nugget Chocolates

## HAPPY BIRTHDAY CARD cont.

- Cut a ¼ x 5-inch strip of white cardstock.
- Apply Pink Polka Dots Foil tape across the top and bottom of the cardstock strip.
- Punch French tails on each end of the strip using the Diamond Square Punch.
- Write "Happy Birthday!!" across the cardstock with a black marker.
- Add foam adhesive to the back of strip and position on the front of the card.
- Create a small pinwheel by starting with a 3x3 inch square piece of wax paper. (See detailed instructions below.)
- Use a small brad to attach the pinwheel to the end of a short clear straw and then through the front of the card.  
Tip: A pushpin is a great "anywhere hole maker" to create starter holes for adding small brads.

## PINWHEELS

- Cut a 5-inch square from white cardstock.
- Add Pink Foil Colorful Stars 25mm tape along one edge of the cardstock.
- Add Pink Foil Multi Color Stripes 3mm tape next to the Pink Foil Colorful Stars tape.
- Continue alternating the 2 tapes until the front side of the square is covered.
- Add Pink Foil Polka Dots 3mm tape every ½ inch to cover the backside of the square.
- Cut off excess tape around the square.
- Measure and put a pinhole through the center point of the square.
- Use scissors to cut from each of the 4 points/corners of the square to within a ½ inch of the pinhole.
- Start with the first corner – always working on the paper to the right of the cut lines – add a pinhole close to the corner point (about ¼ inch in).
- Add pinholes to the other 3 corners – again always working on the paper to the right of the cut lines.
- Insert a small brad through the 1st hole – entering from the Pink Foil Colorful Stars side.
- Insert the brad through the 2nd, 3rd and 4th pinholes. Once you have all 4 corners mounted on the small brad, insert the brad through the center point of the square and temporarily spread the tips of the brad while you prepare the straw.
- Wrap Pink Foil Polka Dots 3mm tape diagonally down a clear drinking straw by spinning the straw while the tape attaches to the straw. Cut tape off when you reach the bottom of the straw.
- Flatten one end of the straw and insert the pushpin through the front to the back of the straw. Rotate the pushpin a few times to make sure you have good holes.
- Attach the tape pinwheel to the straw by gathering the tips of the brad and insert them through the straw holes and then spread the tips of the brad firmly.
- Tip: You can create Pinwheels of any size by varying the size of the squares.
- Tip: For greater ease and success when creating small pinwheels, use thinner paper or wax paper – the points will curl up and gather easier into the pinwheel shape.

## STAR WRAPPED CHOCOLATES

- Cut a 3-inch piece of 25mm Pink Foil Colorful Stars tape.
- Center the tape over the top of a Hershey® Chocolate Nugget and wrap tape ends around to the back. Such a colorful quick, easy and fun treat!

## LITTLE B™ SPECIALTY FOIL TAPE ENVELOPE LINER

- Create a matching envelope liner using Pink Foil Polka Dots 3mm tape.
- Visit [www.LittleBLLC.com](http://www.LittleBLLC.com) to view "How to Create Little B™ Tape Envelope Liners" Project Sheet PS0031 for detailed instructions.
