Pencil or Thin Dowel

PULL FLOWER BUNNY PLACE CARDS

- Print the Little B Bunny Place Cards PDF pattern onto 11x17-inch white-coated cardstock.
- Apply spray adhesive to the back of the printed white-coated cardstock. Adhere to a blank piece of 11x17-inch white-coated cardstock. Let dry.
- *Note: Having two pieces of white-coated cardstock together will make for a fun and sturdy bunny shape that will stand up nicely. No floppy ears here!*
- Use scissors to cut inside the gray lines of the bunny. *Note: You want to cut off all the gray lines.*
- Write names on the ears of the front of the bunnies now while flat, if you are going to use them for place cards.
Note: You can choose which way the bunnies face – mix and match!
- Prepare the white pipe cleaners (to attach to the Pull Flower Tails) by rolling up and creating a round ball on one end of the white pipe cleaner. This is going to be the center of your Pull Flower "Tail." Set pipe cleaners and cut-out bunnies aside.

HOW TO MAKE A LITTLE B™ PULL FLOWER

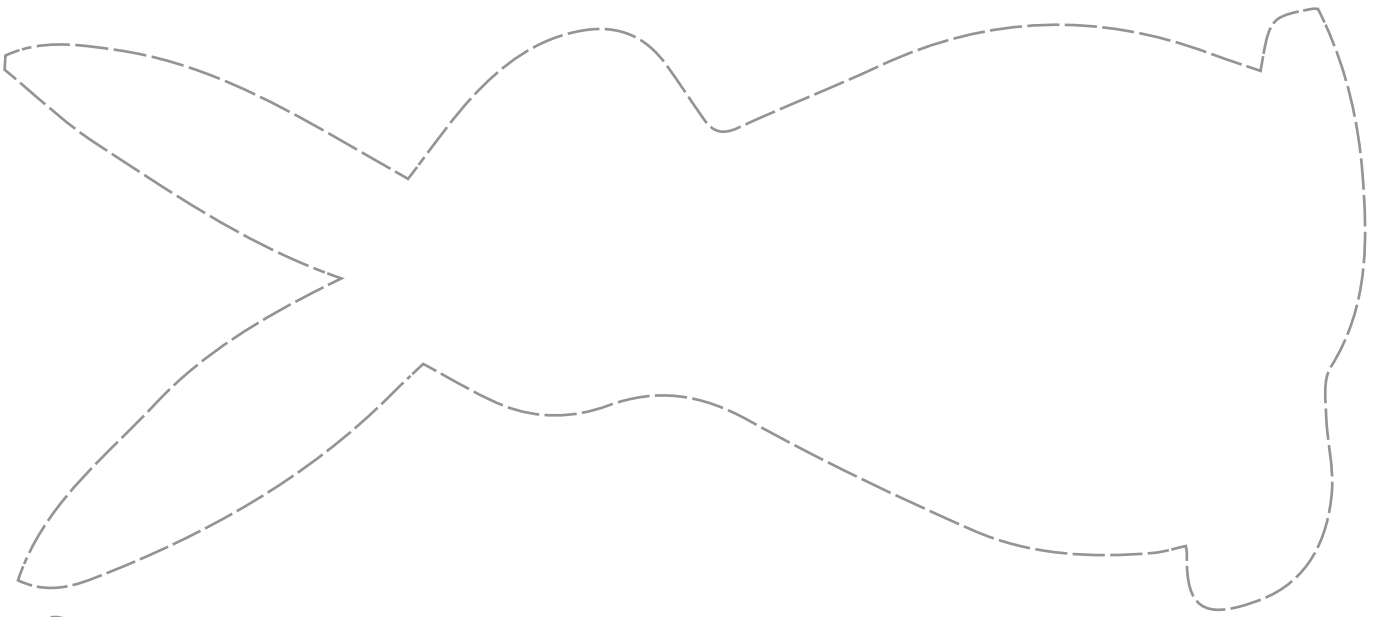

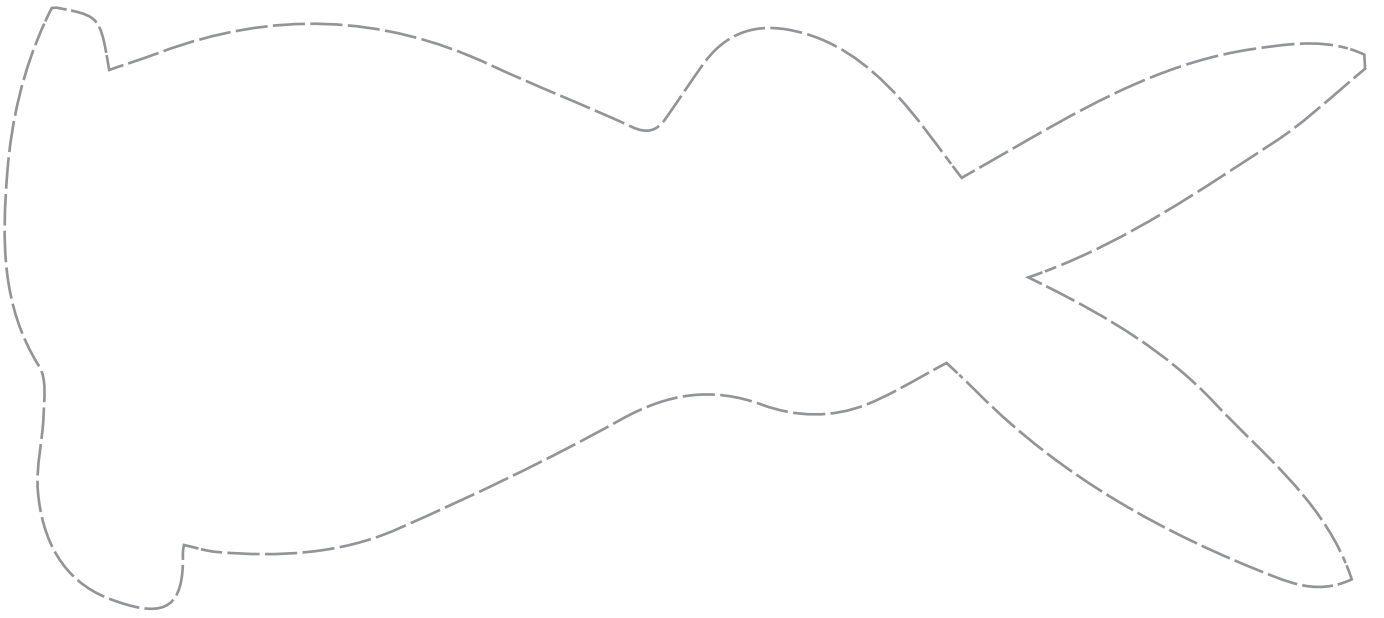

- Unroll the Pull Flower fabric strip and cut to the desired length. The longer you make the strip, the fuller your flower will be. (18 inches was used for the flowers pictured here.)
- Fold the Pull Flower strip in half.
- Pull the two strings to gather the fabric strip into a fast, simple and beautiful flower.
- Tie the strings with one or two square knots to secure.
- Trim off any excess strings.
- Tip: Attach a punched circle to the back of the Pull Flower for a flat surface.
- Use foam adhesive to attach the Little B™ Pull Flower to the lid of the candy jar.
- Tip: Repeat the above instructions to create and decorate a variety of Little B™ Tape and Pull Flower Candy Jars for fast, simple and colorful party favors and gifts.

ASSEMBLE THE PULL FLOWER BUNNY PLACE CARDS

- Place a Pull Flower on the bunny to determine the correct position for the Pull Flower "Tail." Mark the center of the flower on the bunny with a light pencil mark.
- Use a Piercing Tool to push through the pencil mark and create a hole for the pipe cleaner bunny tail.
- Insert the straight end of the pipe cleaner through the center of the Pull Flower and then into the pierced hole in the bunny.
- Continue pulling the pipe cleaner through the bunny until you have achieved the correct "Pull Flower Tail" position.
- Wrap the straight piece of pipe cleaner on the back of the bunny around a pencil or thin dowel to create the coil stand. Play with the pipe cleaner "tail end" to make sure your bunny place card stands up correctly.
- Idea: Create smaller Pull Flower Bunny Tails to use on smaller bunny shapes for Pull Flower Bunny Tags.
- What an adorable standing upright Pull Flower Bunny to use as décor for mantels, table centerpieces, place cards and more! Simple, yet elegant Bunny Place Cards and more - all of your own making!
