CIRCLE GAME CARD

- Cut an 8-1/2 x 5-1/2 inch cream cardstock rectangle.
- Score at 5-1/2 inches. Fold.
- Place the largest Circle die and Dot insert die on the Perfect Positioner, which you previously will have adhered to your die cutting machine platform.
- Place the fold of the cardstock just below the top edge of the circle. Die cut. This creates a circle card that opens up! How fun is that?
- Hint: You can use this technique with all of our Little B Designer Cutting Dies to create a variety of folded card shapes . . . stars, hearts, scallop circles, etc.
- Pierce out the dots from the circle card using the Magnetic Piercing Tool.

TECHNIQUE: CREATE LITTLE B “TAPE PAPER”

- Cut a 5 x 8-1/2 inch cream cardstock rectangle.
- Apply a row of Red with White Polka Dots 25 mm Tape along the bottom edge of the cream cardstock.
- Apply a second row of Red with White Polka Dots 25mm Tape directly above the first row of tape – Making sure to align up the dot patterns.
- Continue tiling until you've applied five rows of Red with White Polka Dots 25 mm Tape to create “Tape Paper.”
- Place the 4th, 5th, 6th, 7th and 8th largest circle and dot insert dies onto the Perfect Positioner. Tip: use the magnet end of the Magnetic Piercing Tool to easily pick up the dies from the Magnetic Storage Binder.
- Place the “Hello” from the Block Out Die in the center of the circle dies. Tip: the Perfect Positioner will hold all the dies in place for perfect placement.
- Place the Red with White Polka Dots Tape Paper over the dies and die cut.
- Pierce out all the dots and “Hello” using the Magnetic Piercing Tool.
- Add adhesive dots to the back of the Red with White Polka Dots Hello circle and position it on the front of the card.
- Add glue to the back of the Red with White Dots dotted circle and position around the Hello circle.
- Add glue to the remaining Red with White Dots ring and place it in the center of the inside of the card.
- Position a Ladybug sticker embellishment as shown in the picture.
- Add doodle flight lines with a black marker on the inside of the card.
- Punch a red Scallop Circle.
- Punch a cream cardstock “Handmade by” Circle. Add your name to the circle, and glue it onto the red Scallop Circle.
- Add adhesive dots to the back of the red Scallop Circle and position on the back of the card.
- Add sentiments to the inside “and go round and round and round in” your Circle Game Card.
